Chairman's Comments

Mr. C. S. Nopany, Chairman

The global economic environment has been challenging with falling commodity prices and slowdown in world economy. Furthermore, a sluggish domestic rural economy has further aggravated the situation resulting in poor overall demand. Despite these challenging times, I am pleased that Sutlej has been able to sustain its profitability by focusing on operational efficiency and capacity enhancement.

Our growth plan remains unaltered as the expansions in our Spinning capacity for producing value added Cotton Mélange, Cotton Blended Dyed Yarns and of Home Textiles capacity are progressing as per schedule. We are hopeful that this will help us to deliver sustained performance. Sutes and industries limited
